eMerge ‘golden’ As Ohio School District Document Management Partner

MAUMEE, Ohio, U.S.A., Oct. 17, 2008 – The Management Council – Technology Solutions Group (MC-TSG) of the [Ohio Education Computer Network](#) has selected eMerge as a gold-level vendor for electronic content management (ECM) products and services for all Ohio school districts.

The gold designation recognizes Maumee, Ohio-based [eMerge](#), a leading document management resource, as a preferred partner for Ohio school districts. MC-TSG provides leadership for effective and efficient information technology for the learning community in Ohio.

“We are extremely pleased to receive this contract and recognition from MC-TSG,” said Bill Ozuk, eMerge president. “We currently work with many school districts in Ohio and have a great advisory relationship with them. We have a history of helping schools achieve their [document management](#) goals within very specific budgets.

“We bring a customized approach in working with the schools, helping them to be more efficient and reducing operating expenses, while at the same time meeting their regulatory requirements.”

As part of this contract, eMerge will work with schools to manage content such as capturing student transcripts, board minutes and financial and human resources records. Additionally, eMerge will assist in preparing school districts to use ECM technology as a long-term core technology.

According to Ozuk, there were several factors that led to MC-TSG's endorsement of eMerge:

- Reducing document management costs
- Enhancing efficiency and productivity in documentation management
- Meeting compliance mandates relative to the Family Educational Rights and Privacy Act (FERPA) and other regulations
- Providing a full line of ECM products and services, including a hosted ECM service
- eMerge can assist with converting existing microfilm archives which exists in many school systems.

eMerge currently works with several Ohio school districts, including Anthony Way Local Schools, Benton-Carroll-Salem Schools, Bowling Green Public Schools, Central Catholic High School, Huron City Schools, Maumee City Schools, NOECA, Northwood School System, Oregon City Schools, Perrysburg High School and Western Reserve Schools.

About eMerge: For more than two decades, eMerge has provided document management services to a wide range of industries, including education, health care, manufacturing, transportation and government. eMerge offers a full line of Electronic Content Management (ECM) products and services to help organizations centralize and manage information assets from any source. Based in Maumee, Ohio, eMerge is an operating division of Thread Information Design. For more information, visit www.emergetoday.net.
